Roots to be mailed March 20th to June 1st. Plants May 15th to June 15th.

**IF YOU LIVE IN WEST VIRGINIA KINDLY INCLUDE CONSUMERS SALES TAX WITH YOUR ORDER.**

Our gardens have been State inspected and have been found to be free of dangerously injurious insects and plant diseases.

We guarantee all stock to be true to name to the extent of replacement next year. Not responsible for more than the purchase price. We do not guarantee anything beyond our control, such as loss by floods, drought, over fertilization, etc. However, kindly notify us at once if anything is unsatisfactory when received, or if plants or roots fail to grow after being planted a reasonable length of time.

We suggest that you order your dahlias early. All orders are filled in rotation. We will be glad to reserve them for you and ship them any time that you desire.

If your dahlias have not been doing so well in recent years, it may be bugs, leafhoppers, etc. Try spraying every ten days for a while after they come up and see if they do not do better. We used the new D.D.T. last year with very good results.

We extend you a cordial invitation to visit our gardens during the growing season. Visitors are always welcome. Our gardens are located five miles east of Fairmont on the Winfield road at the village of Winfield.
